Working Nurse

FRIDAY NEWSLETTER

Working Nurse WEEKLY
August 5, 2023
Happy Friday!

Of all the TV nurses we've discussed recently, *Outlander* heroine Claire Randall Fraser is definitely the most unusual. A WWB British Army nurse, she magically travels from 1848 to 1743 for adventures in the Scottish Highlands.

After six seasons, with a seventh on the way and a prequel in the works, *Outlander* is beloved by many. However, our reviewer finds the show a little too bewitching and brutal. What do you think?
